5. [REDACTED] Mr. Ernest Baynard, Staff Assistant, House Subcommittee on Government Activities, called about reports concerning possible fraud by contractors in connection with painting of Federal buildings. Baynard said the Agency Headquarters building had been mentioned in this connection and he would like to talk tomorrow morning with the official within the Agency who is most directly connected with the supervision of the painting of the Headquarters building. Apparently the alleged fraud relates to the number of coats of paint contracted for and the number actually put on by the painting contractor and Baynard is hopeful that our physical security monitoring of deliveries to and from our Headquarters site would reveal the exact quantity of paint used by the painting contractor. [REDACTED] Office of Logistics, were alerted to this inquiry.
